

Insurance Ineligibility

Please be advised that our office verifies coverage before all appointments.

If a patient's insurance is ineligible, invalid, terminated, or has lack of proof of continuing coverage on the day of service, the patient will take full financial responsibility for the services rendered during the office visit.

Our services are billed within 24 hours and most insurance policies have a timely filing limit of 30-90 days depending on individual policies. Once active/eligible insurance is provided to the office, we will be happy to submit the claim(s).

We were unable to verify your insurance coverage.

-----  
I acknowledge that my insurance was unable to be verified and that it is my responsibility to provide proof of insurance within 10 business days of today's service. I further acknowledge that if I do not have insurance, I am responsible for paying for the services provided by Pediatric Associates.
